OFFICIAL PAPER OF THE STATE.

No Flag but the Old Flag—the Red, White and Blue
With the Stars of a Union unbroken and true!
Arise and defend it! ye sons of the brave,
Who[illegible] fought the banner of valor [illegible]

SATURDAY MORNING, APRIL 15, 1865.

THE WEEKLY OREGONIAN.

THE WEEKLY OREGONIAN is published this morning. It contains the latest telegraphic news from the East and California,—a selection of the best articles appearing in THE DAILY OREGONIAN,—full and reliable news from the Mines, and the most copious commercial information published by any paper in the State.

The average amount of reading matter in the WEEKLY OREGONIAN is double that published by any other journal in Oregon; and in the particular of Commercial statistics and the Markets we aim to make it the most reliable, more especially in matters pertaining to Oregon interests.

☞ Single copies 12½ cents, or $5 00 per year, to any part of the United States, or British Columbia.

Our Daily Mail.

The possibility of the loss of the daily mail service between California and Portland, gives the whole people of Oregon just cause for concern. To demonstrate the utility and convenience of this mail, would be useless. No argument is needed to prove its necessity. It traverses the entire length of the State and supplies all its people. Except during brief periods in winter, the service thus performed has been more efficient and expeditious than anything we had hitherto been favored with. Hence there is much solicitude for its continuation.

The [illegible] Stage Company entered into a contract to perform this service four years ago. In June their contract will expire. Owing to an unforseen depreciation of the currency, the work they engaged to perform, was, for a time, perhaps not adequately paid for. They received the contract at $9[illegible],000 per year; a sum by which it is not likely they could realize any profit, or even secure full compensation for the service received. But granting that they have continued to fulfill the conditions of their contract at a considerable sacrifice of money, their bid for the coming year—$[illegible]00,000—seems a very exorbitant one. They have either lost very heavily during the past four years, or expect unusual gains for the future, in case their contract is renewed for another term. The difference between the sum they are now receiving and the bid they make for the next year, is very great—so great indeed that it is difficult to believe them to have been annually losing this heavy amount by adhering to the stipulations which they had made. If the former sum is too small, the latter seems far too large. Again it is to be considered that the currency is now rising in value, and the same money would now more nearly compensate for the service than it has done for a long time past. If the Company has been losing money by the former contract, it ought not to expect to replace it fully and realize a large profit besides, from receiving the contract anew. It may be that the Company was not afraid of competition, and expected the contract to be awarded them, even at so large a sum as they have bid for. There is now presented an ample opportunity for individual or collective enterprise to engage in a scheme that certainly will prove remunerative. Senator Williams thinks the Department will be willing to pay $200,000 per year for the service. It is greatly to be hoped that somebody will make a bid within the reasonable, and yet ample, sum that the Department is ready to pay. Contractors will not be induced to take hold of this matter by any consideration of the inconvenience our people will be under if the mail is discontinued; but we greatly hope that the pay the Department will offer, will attract the attention of responsible parties to an enterprise, which, if properly managed, will yield a handsome return.

NO MORE MEN WANTED.—We learn by telegraph from the East, that the Secretary of War has issued instructions to stop all recruiting for the armies of the United States. All the Assistant Provost Marshal Generals are directed to suspend operations under the present call for troops. Preparations that were making for a draft, are ordered stopped. No more men will at present be enlisted. This looks like peace in good earnest. It effectually disposes of the malignant charges of the opponents of the Administration, that the Government would not have peace, and was intent only on sinking the country under a load of accumulating debt. As soon as resistance ceases, the extraordinary expenditures of the Government will stop. The reduction of expenses has already begun.

This order of the Secretary of War will put an end to the extremely disinterested employment of ex-Senator Harding. He will hereafter have no opportunity of showing his unselfish (?) devotion to the people of this State, by inducing patriotic citizens to refrain from enlisting in the service of their country. This business is now taken out of his hands, and we may expect him soon to resort to some other device for the purpose of recovering the success of some crafty project which he has in view.

WASHINGTON TERRITORY.—From Walla Walla and elsewhere in Washington Territory we have accounts of great unanimity of feeling among Union men in reference to the nomination of Mr. Denny for Congress. There seem now to be no feuds or animosities among the members of the party. All are harmoniously working together, and the election of Mr. Denny seems very certain.

The Democratic Convention was to have met at Olympia, we belive, on Thursday last. We have received no account of its action. It was expected that its session would be very inharmonious, because of the differences between the war and peace men. Some original Copperheads are known to have been delegates, and it is not reasonably to be supposed that they could acquiesce in the nomination of any man in favor of the "subjugation" of their "Southern brethren."

AT OREGON CITY.—Oregon City illuminated in a most brilliant manner in honor of the recent great success of the Union arms. A meeting was held and arrangements made for a general jubilee to take place on the 11th. There was the utmost enthusiasm among the people, and many who had ever before refused to join in any demonstration of the kind actually capitulated, and rejoiced with seeming good will. The whole country is exultant, save the disloyal cynics who are so firmly wedded to the defunct Confederacy that they have no heart to rejoice in the success of their true Government.

THE CONSTITUTIONAL AMENDMENT.—The following, dated April 13th, has been sent to us from Forest Grove:

EDITOR OREGONIAN: According to instructions I forward you for publication, a copy of a resolution offered by President Marsh and passed at the last monthly meeting of our Branch of the Christian Commission:

Resolved, That this Society hope that Oregon may be speedily enrolled among the States adopting the Constitutional amendment forbidding slavery or involuntary servitude, except for crime. We trust that our Legislature may be convened at an early day, to take the necessary action.

E. A. TANNER, Sec'y.

By Overland Telegraph.

More about the Pursuit and Surrender of Lee—Number of Prisoners, &c.

NEW YORK, April 11.—The *World's* Army of the Potomac correspondent furnishes the details of the pursuit of the army, dating near Rice's Station on the 7th. He says after another day of excitement and success, we have a few miles more of the enemy's soil. The enemy was driven from the strong fortifications guarding the approaches to the magnificent bridges crossing the Appomattox. The enemy had strong forts. We anticipated a determined resistance, but captured them with little trouble and all that was in them. The enemy then fell back and took position near Farmville. Here they had rested the remainder of the day notwithstanding the efforts on the part of the [illegible] to dislodge them. The enemy tried several times to cut his way through our lines, but always with such fatal effects to himself, that he finally abandoned the attempt. The second division was sent down the railroad to seize the village of Farmville, which it did. They had a skirmish in which Smythe was, it is feared, mortally wounded. Ewell, after his capture said, General Lee long since wanted to take all his troops westward and there disband them, but Davis would not consent.

The *World's* correspondent at Burkesville, April 8th says: Yesterday Sheridan discovered a force of the enemy and a large wagon train pushing briskly towards their main army. He immediately pushed ahead troops and found the enemy in a strong position, from which they were driven after hard fighting. They fell back to another position from which Sheridan could not with his cavalry move them. The second and sixth corps came up and were put in position, which they held through out the night. The next morning Custar was sent forward to blockade the road the rebels would take in retreating. The formation of the infantry being complete the charge was sounded. The rebels held our troops at bay for some time, but the men finally rushed upon them, when they fell down the pike where they were met by Custar and held in check. The enemy finding they could not get past Custar turned again upon the infantry. They charged impetuously and then our troops countercharged, when the enemy hoisted a white flag and surrendered. It was in this fight that Ewell and other officers were captured. They were not only out-fought but handsomely out-generalled.

The *Herald* publishes a list of General officers surrendered by Lee. They comprise the General-in-Chief, 1 Lieutenant-Generals, 17 Major-Generals, 61 Brigadier-Generals, and among them Anderson, Echols, Ewell, (already a prisoner,) Finnegan, Heath, Bushrod Johnson, Kershaw, Longstreet, Mahone, McCausland, Mosby and Ord. The Exchange Commissioners were Pemberton, Picket, Rosser, Sorrell and H. A. Wise. The number of men actually surrendered by Lee is from twenty to twenty-five thousand. Within the past two weeks, over 20,000 prisoners have been sent away from City Point. A large number is still there.

Probable Surrender of Johnston's Army—Kirby Smith Ready to Surrender.

NEW YORK, April 11.—The *Post's* special from Goldsboro, the 7th, says: Johnston is retreating towards Virginia and attempting to join Lee, and Sherman was after him.

The *World's* special says: It was reported last night that Johnson had surrendered on the same terms granted by Lee.

NEW YORK, April 13.—The *Herald's* Washington special also says that there is good authority for stating that Kirby Smith and the rebel trans-Mississippi army are ready to surrender.

Guerrillas in Virginia.

NEW YORK, April 11.—A severe fight took place yesterday in Fairfax county, Va., between some rebel troops sent out by Lee after the evacuation of Richmond and a portion of our troops in that vicinity. The rebels were defeated and dispersed.

PHILADELPHIA, April 11.—The *Bulletin's* Washington special dispatch says: An engagement with Mosby's guerillas took place yesterday, fourteen miles from this place and the guerillas were badly beaten.

From South America.

NEW YORK, April 11.—Pernambuco advices received at the Merchants' Exchange, state the steamer *Panama* had arrived at that port, bringing news of Flores having taken possession of Montevideo. No date is given. There was a grand procession and illumination at Pernambuco in consequence.

Guerrillas in South Carolina.

NEW YORK, April 11.—We learn from Charleston that bands of guerrillas were about Capetown and Summersville, S. C., and forces had been sent out to clear the country of them. They number about 500, and on the 5th they made a dash on Summerville, capturing a lot of negroes and threatening to shoot all whites who had taken the oath. Large quantities of cotton and rice are said to be hidden on South Carolina plantations.

Miscellaneous.

NEW YORK, April 11.—The *Tribune's* special says: Secretary Seward's injuries have assumed a serious character. Medical men fear that, owing to his inability to take solid food, he cannot repair the waste of vitality in time to meet the heat of the coming warm weather.

It is rumored that the President will call an extra session of Congress.

The *Herald's* Washington special says: Prominent rebels, probably Judges Campbell and Hunter, are soon expected in Washington in connection with the business of restoration.

Seward's condition is so as to render it necessary that the conference on the subject of peace be held there.

Steamer from New Orleans the 2d and Havana 5th has arrived, with advices from Mobile to the 28th ult.

A correspondent states that the Spanish Point fort is besieged on three sides, and gunboats were to operate on the other side. At last accounts our losses had not exceeded from 30 to 50 killed, and 200 to 300 wounded.

WASHINGTON, April 11.—Richmond *Whig*, of Monday, says: Whatever may be the fate of the Constitutional Amendment, certain as sun shines, slavery in Virginia is dead. The National Bank is to be at once established, and whole shares in U. S. Stock will be sold at the rates of Northern cities. Richmond and Amelia counties are full of Confederate soldiers, nearly all of whom are Virginians, now on their way home.

NEW YORK, April 5.—The *Liberty* with Havana dates to April 5, has arrived.

The United States steamer, *Santiago de Cuba*, with Assistant Secretary of the Navy, Fox, and Party, en route for Charleston, arrived at Havana April 4th.

The sentence of Arguello, the slave trader, which had been pronounced, is understood to be perpetual banishment from the island 10 years, or the chain gang at Ceuta, in Africa, and a fine of $[illegible],000.

The blockade runners *Lark*, *Denbigh*, and *Owl*, sailed on April 1st.

NEW YORK, April 12.—Sailed—April 8th, ship [illegible], for San Francisco; on the the 11th, ship [illegible], for same port.

The *Commercial's* says: Rooms have been engaged at one of our hotels for Gen. Lee. He is expected to arrive here to-morrow.

The *Moro Castle* has arrived with Havana dates to April 8, and advices from Vera Cruz to April 1, and from Mexico 28.

About 12,000 French and Austrians are on the way to Sonora.

Emigrants from the United States to Mexico suffered tremendously on their arrival in that country. There is no hope of them doing well.

NEW YORK, April 12.—New Orleans dates to the 6th have been received.

Advices from the army about Mobile to April 4th, state that the water communication between the Spanish fort and Mobile was cut off by a battery established above the fort. Rebel communication with Mobile is entirely suspended. The siege progresses favorable.

The *Post's* special dispatch, says: Advices to April 9th, from Goldsboro, say that positive information had been received at that place that Johnston's army was 15 miles south east of that place.

ALBANY, N. Y., April 12.—The [illegible] majority at the charter election [illegible] an average majority of 1,[illegible].

The *Herald's* correspondent at [illegible] says that up to that time the captures [illegible] were numerous [illegible] the roads were strewn with wagons, artillery and ammunition, showing with what [illegible] the pursuit was pressed. Sheridan made the [illegible] of the captures, but the infantry [illegible] signal share of the [illegible]. The loss to the pursuit was not large.

The *Herald's* City Point correspondent of the 4th says: It is reported that [illegible] last night, received a [illegible] peace, which came from [illegible].

City Point is now the [illegible] of supplies for our armies in the field. The railroad [illegible] is open to Nottaway Court House.

The *Herald's* Richmond correspondent says: A command has gone to Lynchburg to [illegible] the Virginia Legislature to return to Richmond. Several members who remained in the city are working for the restoration to the Union [illegible] condition of the abolition of slavery. [illegible] hogsheads of French tobacco in Richmond were destroyed by the fire.

NEW YORK, April 12.—Three thousand workmen at the Brooklyn Navy Yard are on a strike, owing to the reduction of fifty cents per day in their wages.

NEW YORK, April 12.—The *Herald's* Newbern, N. C., dispatch of the 9th, states that the entire re-clothing of Sherman's army was completed, and it was ready to enter upon a new campaign for the summer, [illegible] Johnston's army [illegible] chooses to offer further resistance after hearing of Lee's surrender. The country on the south side of the Neuse between Newbern and Goldsboro [illegible] is entirely clear of rebels, but on the north side of the stream there are [illegible] bands. One of these on the 7th, captured and burned a steamer and two barges laden with supplies for Sherman's troops, on their way up the river. This is the only interruption which Sherman's communications have suffered.

The order suspending trade operations with Virginia, except that portion known as the Eastern Shore, and the States of North Carolina and South Carolina, with that part of the State of Georgia immediately bordering on the Atlantic, including Savannah, until further orders, is under the command of Lieutenant General Grant.

The proceedings of the secession convention are published, showing that Lee, when admitted in presence of the convention [illegible] commander of the Virginia military and naval forces, replied: "Trusting in Almighty God, an approving conscience, and the aid of my fellow citizens, I devote myself to the service of my native State, [illegible] ever again draw my sword."

The *Herald's* City Point dispatch of April 10th says: Official dispatches arrived [illegible] from Sherman to Grant, and were immediately forwarded to the front.

The *Tribune's* Washington correspondent says a strong pressure is being brought to bear for the release, on parole, of the captured Generals Ewell and Custis Lee. General [illegible] shooting Union prisoners he captured [illegible] to be excused by the statement that he acted under Lee's orders.

NEW YORK, April 12.—The *Herald's* Richmond correspondent says: The people of Virginia and Richmond in particular, appear to be [illegible] fully satisfied with the experiment of a Southern Confederacy, and are making preparations for the return of the State to a loyal position in the Union. Influential citizens are still engaged in endeavoring to secure the best terms they can.

The feeling of the majority in Richmond against Jeff. Davis and other leaders of the rebellion is represented as having become very bitter. At least 4,000 of the population of Richmond are now entirely dependent on the Government and the Northern people for a daily supply of food, and but for these would starve. Government officers are issuing 12,000 rations a day to these deluded dupes of secession.

The work of cleaning up the city, taking possession of the mills, manufactories and all kinds of abandoned rebel Government property and putting them in proper order, is being vigorously prosecuted under the direction of Gen. Shepley, and for the necessary labor which this involves, a large number of negroes are employed. The amount of property thus secured to the Government is enormous. Much secreted property was discovered in the dwellings of citizens, including, it is said, vast quantities of articles sent from friends in the North to the wants of imprisoned Union soldiers.

The remains of Col. Dahlgren have been discovered near Richmond, exhumed and sent to Washington.

The *Tribune's* special from City Point says Gen. Grant's army is reported to have turned its face northward for the purpose of receiving supplies and recruiting. The prisoners captured by Sheridan previous to Lee's surrender were on their way to City Point.

The *Times'* City Point special says Lee has expressed a desire to depart for Europe with his family at an early day. He is much affected by his defeat. Jeff. Davis has deserted him and is retreating on his own account.

Foreign.

SANDY HOOK, April 12.—The steamer *New York*, from Southampton, March 27th, has arrived.

The *La France* publishes an article signed by Baron Dupuy, demonstrating that it is greatly to England's advantage to retain Canada.

The Russian embassador at Rome gave a banquet to McClellan. Among the toasts proposed, was one for the maintenance of friendly relations between Russia and America.

The Montenegro rebellion was progressing rapidly.

The new ram [illegible] was successfully launched.

NEW YORK, April 12—The following additional news was received from Europe:

The Portugese authorities had ordered the rebel ram *Stonewall* to leave Lisbon. The U. S. gunboat *Sacramento* was hourly expected.

MEETING OF THE COMMON COUNCIL.—The regular weekly meeting of the Common Council was held at the Chamber last night. The following members were present:

Messrs. Bennett, Cook, Frazar, Gilman, Hoffman, Lownsdale, McCraken and Starr. Absent, Mr. Robertson.

The minutes of the previous meeting were read and approved.

A communication from the Chief Engineer, recommending repairs to the Engine House of Willamette Company No. 1, was referred to the committee on fire and water.

Petition of G. W. Vaughn, for the use of a portion of Front street, in building, at the corner of Madison street, was granted.

Vigilance Hook and Ladder Company petitioned for an additional appropriation of $225 00, to enable them to purchase a truck and apparatus—the cost of which, with specifications, will amount to $1,050. The petition was referred to the committee on fire and water.

The Council recently appropriated $800 for the same purpose, which is now found to be insufficient for the same. The Company are willing to pay $200 of the deficiency, and ask the city for $225.

The committee on streets and public property reported a petition for change of grade on Front street, inexpedient, which report was adopted. The same committee reported on the improvement of Front street by ordering a notice of such contemplated improvement to be published, in accordance with the requirements of the city charter.

The Judiciary committee reported adverse to the petition of J. C. Vanrenslier, for a lease of that part of [illegible] street covered by his brick building. Adopted.

City Attorney reported on petition of T. C. Walters, for relief, which was adopted.

On motion of Mr. McCraken the City Auditor was instructed to draw a warrant in favor of T. C. Walters for the sum of $100, interest allowed.

Council adjourned

YOUNG RASCALS.—On Thursday a boy called at Messrs. [illegible] & Co.'s, 90 First street, and represented that he had been sent there by a gentleman, giving his name, to purchase some figs, raisins, flour, etc., etc., which Mr. Malarky suspicioned was not so, and sending for the person named by the boy, had the juvenile "wait a minute" until he found himself confronted, and his plans frustrated by the person on whose credit he had, a few days before, attempted to obtain the goods. It proved to be as suspicioned—the boy was not sent there for the articles except by the evil demon ruling in himself. He was reprimanded and suffered to go along, but we apprehend it was a useless waste of words. What the State of Oregon most needs, and must have, is a Reform School for boys of this type. Their parents seem to have no control over them—for years they grow up in our streets in ignorance and vice, and it will be the means of [illegible] community, for the State of Oregon to follow the example of Michigan, or of California, and provide a Reform School for hardened boys.

SUFFERING AT THE MINES.—There is said to be great suffering among the last years emigration from the States in the mining regions of Idaho, principally among families, owing to the fact that they were not prepared—as is the case generally—for a winter's living. The weather has been more inclement than was expected, which also makes a great difference with them. Something is being done in this city, we learn, to relieve their condition, though we have no official notice from any quarter of the manner in which it is proposed to relieve them. It is certain that much want and suffering exists there, and the miners have been liberal in their contributions for the support of those who were in indigent circumstances. It was known last fall that suffering must follow the influx of such a population, and now, according to report, it seems to be more apparent.

EMIGRANTS TRAVELING.—From passengers who have recently arrived from the mining regions, we learn that the roads of the Blue Mountains have "broken up" considerably, and that from Lee's Encampment there was a perfect jam of freight teams and pack animals. Our informant states that he was greatly astonished to witness such an unexpected sight as greeted his optics on the road to La Grande. The sleighs of Card's traffic were met at that place, and are said to have saved an immense expense and long delays in crossing the mountains. Grand Ronde Valley was very wet, and miry, but by following around the foot hills but little trouble would be found in crossing sloughs. The great bulk of all the freight on the route is heavy machinery. What a thumping, there will be when it all gets through.

MARKS OF PROGRESSION.—In old settled countries at the East, the tinner's wagon is about as common to country people as the mail coach is to the residents of the Willamette valley. We never knew of a tin-ware-peddling wagon in Oregon, however, until last week, when Robinson & Lake of this city, started one out for a general trading with the country residents, in tin pans, bake-ovens, cups and notions. If successful, the same Company will put several more teams in the business during the summer months.

AN IRISH MILITIA COMPANY.—We were shown yesterday the [illegible] agreement for the organization of a Militia Company in this city, to be composed of Irish citizens exclusively. The few names upon the list, we have not the slightest doubt will quickly secure them a permanent organization, and a most excellent company. For a [illegible] in the use of fire-arms, and an understanding of military tactics, we suppose there are none better than can be found among the adopted sons from the Emerald Isle.

VESSELS ARRIVED.—The steamship *Brother Jonathan* reports the following barks in the river: At Astoria, bound up, the *Cambridge*, N. C. Brooks, from Honolulu, and the *Helen W. Almy*, Freeman, from San Francisco. Bound out, the *Almatia*, Stannard. The *Sam. Merritt*, Abbott, is at Oak Point, loading for San Francisco. The [illegible] *W. B. Scranton*, Cathcart, sailed for this port on the 8th.

QUICK WORK.—On the 4th instant, Col. Raymond ordered of [illegible] Wells, Fargo & Co., a six stamp battery, at the Oregon Iron Works. To-day it is shipped, being just ten days from the time it was ordered, before completed. There is no necessity of going to San Francisco for [illegible] machinery any longer.

[illegible] PROSPECTS.—We learn that on account of the [illegible] close of the war and prospect of peace, an order has been issued by the War Department, stopping enlistments in all parts of the United States. Of course, it applies to Oregon, and orders have accordingly been sent to all the various recruiting stations in the State, not to receive any more men.

WAPATOS.—The *clootchmen* and *siwashes* about this vicinity are just now in their elements, the season having arrived for digging *Wapatos*, which they barter to the Celestial denizens at a fair price. The trade is said to have been carried on very extensively between them and the aboriginal population during the past week.

COURTS OF OREGON.—We are indebted to a member of the Portland Bar for a full and correct list of the various Courts of Oregon, and the times of holding the same in each [illegible] County or district. We shall publish the same at an early day, when Attorneys may secure copies for reference.

DUST.—A smart sprinkling most laid the dust in our streets yesterday and the day before. It was of value to gardeners, to everything. Moisture is a good thing of a dry day.

THE UTILITY OF SEWING MACHINES is established beyond question, and at the present prices we see no reason why they should not be found as they ought to be, in every household.

Several varieties are manufactured, adapted to various purposes, but for family use, we believe the preference is emphatically accorded to the WHEELER & WILSON.

WEEKLY COMMERCIAL REVIEW.

PORTLAND, April 14th, 1865.

We have nothing new to report in the way of business transactions, mainly in consequence of the fact that the week has partly been given up to rejoicings over the late brilliant achievements of the Federal forces. The markets remain firm, however, and trade to-day is beginning considerably.

The daily receipts of produce from the Valley by steamers on the Willamette, is still confined to the staple articles of flour and wheat, but the quantity is limited. One or two full cargoes have arrived, but the crafts are of light capacity, and 250 tons will very likely cover the whole receipts from the interior.

The bark *Almatia* which left on the 10th, and the str. *Pacific*, which left on the 11th, each combined, did not take produce equal to one ordinary cargo at the four months past. The bark *Sam. Merritt* which left on the 13th, will take 200,000 feet of lumber from Oak Point, thus proving that there is but little grain and flour remaining in Oregon for export.

It is believed that the stock of breadstuffs now on hand will be no more than sufficient to supply to wants of the mining regions until the coming harvest.

The schooner *Leah*, Capt. Hillyer, sails this afternoon for Tillamook, with an assorted cargo of 45 tons merchandise, valued at $4,500.

Judging from the accounts in our exchanges from California, the crops of that State promise an abundant harvest, and the same may be said of the portion of Oregon.

Wholesale and Jobbing Prices.

PORTLAND, April 14th.

We have no particular changes to note in the wholesale and jobbing prices current, except an advance of one cent on powdered sugar, 25 cents per gallon on Starr's Whiskies, and 50 to 75 cents advance on Monongahela.

The great bulk of candles have been used up during the torch-light demonstrations and illuminations, but they still range at 23½@25 cents, by the box.

Soaps have moderately advanced: we give, to-day, full quotations. Higgins' brand, home manufacture, is becoming in better quest, and he contemplates shipping below as soon as he has stock sufficient to retain on hand for the home trade. Colgate's are now held in San Francisco at 11 cents.

There is a more active inquiry for bacon, sides and hams being held at the late quotations, firm.

Wheat is not to be had. Buyers are offering to-day, $2 25 per bushel, but the standard price is given at $2, the inquiry to-day being more for the supply of an immediate want. It is thought the market will show signs of relief from its present want, but we are quite sure there is no large amount on storage or in the hands of the farming community.

Oats are in demand at 75 cents per bushel. Feed grains of all kinds, and hay, remain unchanged.

Weekly Retail Family Market.

FRIDAY P. M., April 14th, 1865.

There is no material change in the city retail market trade. The farming community have kept the provision stores tolerably well supplied with Eggs, Butter, etc., the demand for which has been good. To-day buyers are offering 25 cts. ⅌ doz. for fresh Eggs, and 22 cts. ⅌ lb for a good article of Lard. Game and Oysters have been plenty.

Potatoes are in demand and bring good prices, if of first quality.

Light upon the Subject. The primary cause of Consumption is defective nutrition, resulting in a vitiated state of the fluids of the body, and consequent formation of TUBERCLES IN THE LUNGS. The only rational treatment therefore, is to remove the cause, and this is effected, which it can be speedily effected by a free and persistent use of NEWELL'S PULMONARY SYRUP which contains all of the requisite remedies to meet the indication.

Brandreth's Pills—Their Qualities. In small and repeated doses the effect of Brandreth's Vegetable Universal Pills is to increase the activity of the secreting and excreting organs. The blood is changed, becomes more liquid and contains a larger proportion of bile. The operation of this extraordinary medicine does not stop here; the membranes of the lungs, of the eyes, and all the membranes become moister, the skin becomes damper and at the same time warmer when too cold, and cooler if too warm. So that Brandreth's Pills being to vitalize and promote excretions generally. In large doses, say from five to ten Pills, they act as a powerful purgative, clearing the bowels first of their contents, and then acting upon the internal organs, cleansing them of slime, mucus, or any concretions not required for their healthy action. Thus the action of Brandreth's Pills is what is required to bring about that state in all the organs which result in their full restoration to health. The blood vessels, as well as the blood, are thus restored to perfect purity and vigor.

DR. HOSTETTER'S STOMACH BITTERS.

Although the fame of this renowned invigorant rests mainly on its astonishing cures of Dyspepsia, Liver Complaint, and intestinal disorders, it is equally efficacious in nervous complaints. Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and lightens the depressed mental powers as well as strengthens the body, and its use is never followed by any unpleasant reaction.—Sold by Druggists and dealers every where. na12

HOSTETTER'S
CELEBRATED
STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its genial and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and bring the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A Word to the Aged!

In the decline of life, the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which restores the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters.

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females:

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlivens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

"Those Three."

No viewless angels by our side,
With wings, but women sweet and good;
"Those Three," linked with us alone,
True types of womanhood.
Yet I, in turn, have touched a hand
To each one of the blessed three,
In one fair group, I've seen them stand—
Faith, Hope, and Charity.

My Faith hath misty hair—and eyes,
You cannot fix their changing hue,
But all the world within them lies,
And all the soul looks through.
Her [illegible] make divinely sweet
Each song of sorrow which she sings,
And saddest wisdom falls to her
With heavenly [illegible].

My Hope is ruddy with the flush
Of morning joy that keeps its place,
Though day has darkened and the rush
Of care is on her face.
Her clear eyes look afar, as bent
On shining futures gathering in;
Nought seems too high for her intent,
Too hard for her to win.

My Love hath eyes as blue and clear
As [illegible] between the clouds of June,
A tender mouth whose smiles are near
[illegible]
Her [illegible] and love [illegible]
[illegible]
She sews with precious steel that makes
All perfect blessings [illegible] life.

Faith, when my soul in darkness dwells,
Shall sing her song throughout the night,
For each new effort life compels
Hope's clasp shall nerve with might,
Love shall divide each grief of mine,
Share every joy thus doubly given,
With each in turn life grows divine,
With all it tastes of heaven.—*Ina Craig.*

A Damsel in the Flume.—The Dutch Flat *Enquirer* gives the following account of a Placer county damsel, whose ardor was no way cooled by an excursion down the flume under somewhat singular circumstances:

Our "items man" at Canyon creek informs us that while a party of ladies were visiting the Bay State claims on Wednesday afternoon last, one of their number, a delicate girl of fifteen summers, in attempting to cross the main flume, through the awkwardness of her gallant "missed stays" and suddenly found herself swimming among the top dirt, pipe clay and petrified wood, floated and whirled along by seven hundred inches of water. The fair damsel swam in a sitting posture amid her strange surrounding, her ribbons gaily streaming in the air, while a bevy of butterflies—the first that had visited the claim this season, and had but that instant arrived—pursued and fluttered around her. Her gallant stood for a moment, either agast at the accident or spell-bound with gazing upon the sublime result, then suddenly springing from beneath his hat, and with arms affectionately outstretched, rushed after her. Her companions screamed, the hands dropped their pipes and started in the pursuit, and now the damsel disappeared from view, gliding in at the mouth of a long dark tunnel! Breathless with apprehension, we arrived in sight of the dump, and lo! there she stood upon *terra firma*, dripping and mussed somewhat, to be sure, but gaily swinging her hat and shouting, 'Hurrah for our folks! We've all been through the flume but mother!'

Ancient Mines.—The *Atlantic Monthly*, for March, refreshes its readers to the well known fact that the old mines have been opened in the copper district of Lake Superior, over which trees five hundred years old had grown. When the debris was cleared away, the cavities were found full of grooved and handled stone hammers, and in one instance a leather bag for carrying ore, which has been identified as part of a walrus skin. These ancient mines are very extensive, showing that many thousands of tons of copper must have been taken out and carried away—whither, is all conjecture and by whom quite as much a mystery. The only thing that appears to be well established in the premises is, that the miners were not of the present race of American Indians, but of some more civilized people, who preceded the Indians and migrated to the South—perhaps the mound builders of the Mississippi and Ohio, or the pyramid builders of Mexico. The copper mines of Superior were probably worked at the time Solomon sent his ships to California for gold, and raked the coasts of South America for apes and peacocks. The gigantic fossilized "What is it?" recently unearthed in Nevada, was then a calf feeding on the tender grease wood of Mount Davidson. There is nothing like being able to account for things.

Deceased Rebel Prisoners.—The Chicago *Journal* publishes a long list of rebel prisoners who who have died at Camp Douglas, near that city. It says:

There are not far from twelve thousand prisoners now confined at Camp Douglas though the recent order for exchange, together with frequent cases where the oath of allegiance is administered, is rapidly decreasing that number. Among those held as prisoners are representatives of every rebel State and every army of the rebel service. Every Western battle-field, is represented here, from Fort Donelson to Franklin and Nashville. The prisoners are for the most part fat and hearty. They are well fed, well clothed, and have a sufficiency of fuel. Hospital accommodations are ample and perfect. Deceased prisoners are buried in the city cemetery, where every grave is marked, while a record is kept of each interment, so that relatives can without difficulty find and remove the remains. The number of deaths since the second of last May is 1,265, a large record considering the general comfort and health of the prisoners, and to be accounted for only by the ravages of small pox, which rioted there for a few weeks.

The "Hallelujah Band" is the name of a society formed at Sheffield, England, of convicted felons, prize-fighters, pigeon stealers, dog-fighters, wife-beaters, poachers, etc., who meet and tell their experience, and pray and sing with wonderful enthusiasm. At a late meeting of the band, Harvy Teesdale, a noted circus clown, appeared and burned all his professional costumes. The crowd was great, and the pious zeal intense, shoutings of "Hallelujah" accompanying the sacrifice.

The late Stephen Girard, when surrounded by immense wealth and supposed to be taking supreme delight in its accumulation, wrote thus to a friend: "As to myself, I live like a galley slave, constantly occupied, and often passing the night without sleeping. I am wrapped in a labyrinth of affairs, and worn out with care. A love of labor is my highest emotion. When I rise in the morning, my only effort is to labor so hard during the day, that when the night comes I may be enabled to sleep."

LILLIE'S LOCK OPENED
In One Minute.

New York, September 2, 1864.

F. Tillman, Esq., 318 Battery street, Between [illegible] and Clay, San Francisco.

Dear Sir: We notice an advertisement in your daily papers respecting the [illegible] Lillie Lock. We are aware that you [illegible] We have just sent [illegible] we opened one of Lillie's best safe locks, after it had been locked and the combination turned off.

By One Blow of the Hammer

Against the knob on the outside, and thereby breaking the castings of the lock.

The whole time occupied in opening the lock was about ONE MINUTE. We send you this lock that your friends may not be deceived by false representations.

NO PRACTICED

Any parties desirous of seeing the above mentioned lock, the ease and manner of opening the same, can call at

318 Battery Street, San Francisco.

Gloucester, March 28, 1864.

Messrs. Tilton & McFarland,
Safe Manufacturers, Boston, Mass.

Gentlemen: From representations made by Mr. Lillie, I was induced to purchase of him one of his

So Called "Fire Proof Safes."

On the 18th of February last, a fire occurred in our block which destroyed a number of buildings, and our own with the rest. We trusted our books, papers and all of the Safe. After our fire the so-called "safe" was taken from the ruins, and on opening it we found that

Everything had been Destroyed.

We send you the safe, with what is left of the papers, and you will see that not one of them is legible or strong enough to sustain its own weight. Having the curiosity to know how our neighbors fared in this fire, we noticed McKenzie & Hardy just opening their safe (TILTON & McFARLAND'S make) and its contents were found to be

In Perfect Condition.

This led us to further investigation, and we found to our astonishment that from the large amount of combustible material in Messrs. McK. & H.'s cellar—such as lard, pork, etc., their safe was subjected to a much greater heat than that of our own, we being in the clothing business and had but little in the cellar. There was another of Lillie's safes here subjected to the same fire [illegible], however, no better than ours.

Very respectfully,
Your obedient servants,
(Signed:) GEO. L. CHESBORO & CO.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,
Gravel, Dropsical Swellings,
GENITAL DEBILITY, ETC.

The astonishing success which has attended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above-mentioned, and also—

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorder or decay of the Procreative Functions. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom or an almost idiotic apathy, becomes bright and active, and he goes forth regenerated, conscious of new vigor.—The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING, OR PAINFUL URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to

CONSTITUTION WATER.

Males or Females,

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.

ALLEN'S
LUNG BALSAM!

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS,
Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

Its action is expectorant, alterative, sudorific, sedative, diaphoretic and diuretic, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD; heals the irritated parts; gives strength to the digestive organs, brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the MOST CONFIRMED CASES OF CONSUMPTION. IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

Sold by all Druggists. Price $1 per bottle.
